Yes, that is a good summary. You could say “the RTC also addresses comments EPA heard from Tribes during consultation meetings” if that is helpful.

Valois: is it fair to say that the RTC summarizes all comments and our responses to them and that the Appendix just provides more detail and/or background on Powertech’s comments and our responses? I am just want to be sure I understand how the Appendix relates to the RTC.

Omar: if no one has further input, please make a non-Sharepoint copy of the RTC and upload it to our website.

Let's plan to go live once we have posted the EJA.

I saved the RTC as the smaller-sized version. It is now 7.1M.

I think we are good to go on this one. I will finish up the EJA next.
